Complete the Vermont Economic Survey

To better understand Vermont business owners' perception of the state's fiscal economy, Davis & Hodgdon Associates CPAs and the Vermont Chamber are seeking your input in our annual survey related to the economy and local businesses.

Please take the annual 5-minute VT economic survey of small- to medium-sized businesses. The results of the survey will be compared to results from the previous surveys, published, and shared with all participants and local media in February 2020.

Legislators Return to Montpelier

Legislators returned to the State House last week and jumped into hearings on paid leave, minimum wage, health care costs, student debt, chemical regulations, global warming, out-migration and other issues that will impact businesses.

Advocacy is one of the key benefits of your Vermont Chamber membership. If you have an issue impacting your business, our lobbying team is ready to advocate on your behalf. Please contact [Charles Martin](#), Vermont Chamber Government Affairs Director, to learn more about our advocacy work and legislative agenda.

Support Tourism Marketing

Support Vermont's economy and its tourism industry by attending the 2nd Annual [Tourism Day](#) at the State

House on Wednesday, January 15th. Contact your legislator and [sign the petition](#) to increase funding. Tourism is the state's second most lucrative industry after manufacturing and a significant economic driver. Yet the State's investment in destination marketing has declined 6% since 2015. It's time to reverse the decline.
